

checking chunkNo 23 — error July 15, 2015

July 15 (2)

load = np.where(np.isfinite(ra-final))[0]

PRINT load.size, ra-final.size

load = np.where(~np.isfinite(ra-final))[0]

print load.size, ra-final.size

executing this chunk separately.

testfile = chunkNo 23 test file.txt

mydb23 testdb

changed counter — 380573 rows

— same no. of rows.

— no zero data

— no assertion error.

don't know why we have those warnings.

↳ No warnings now!

mean of empty slice!
